***Oath/Declaration***

The oath/declaration has the following problems which lead to a rejection of claims 1-46 under 35 USC 251:

- 1) The supplemental declaration of 6/8/09 lacks the inventor's citizenship and does not give the residence and mailing address of the inventor (must say they are the same if only a single address is provided) with an updated "no deceptive intent clause" for any changes made to the patent subsequent to the first declaration. MPEP 1455 VIII.
- 2) The declaration indicates that the patent has not been assigned. This is inaccurate and should be deleted in the new declaration that is submitted.
- 3) Note that patent claims cannot be renumbered.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
